

Farmer-Scientist Interaction and live telecast of address by Hon'ble Prime Minister, Govt. of India on Natural Farming organized at ICAR-RCER Patna

On the occasion of Pre Vibrant Gujarat Summit-2021, a programme was organized for farmers in which live telecast of address by Hon'ble Prime Minister, Govt. of India on Natural Farming was shown to them on 16th December, 2021. A total of 80 farmers from Patna district of Bihar participated in this event along with 50 scientists/staff of the institute. All the staff and farmers listened the speech of Hon'ble PM Shri Narendra Modi, Union Minister of Agriculture and Farmers Welfare, Shri Narendra Tomar and other dignitaries on latest development in agriculture sector with special reference to Natural Farming.

The programme was followed by a Farmers-Scientists Interaction Meet in which Heads of Division and other scientists of the institute answered the queries of farmers on agriculture and animal husbandry related issues. Director, ICAR-RCER, Dr Ujjwal Kumar in his address, motivated farmers to adopt natural farming practices in order to save natural resources like soil and water. He also advised farmers to judiciously use fertilizers and chemicals for quality output and natural resource conservation. The programme ended with vote of thanks from Dr Dhiraj Kumar Singh, Scientist (Agril. Extension).
