

Field day on “Livelihood improvement of SC farmers through agricultural technology inputs at village- Nad, (Block-Sirdala, Nawada) under SCSP Scheme

A Field day on "Livelihood Improvement of schedule cast farmers through agricultural technology inputs" was organized by ICAR RCER on 09/06/2022 under Schedule cast sub-plan (SCSP) scheme at Nad village, Sirdala, Nawada. During the programme more than 80 SC farmers families were participated in which 25 were women participants. During the programme, Dr. Rohan Kumar Raman (Scientist, ICAR-RCER, Patna) stressed upon the use of modern agricultural technology and digital tools to enhance the agricultural productivity. Dr. Ved Prakash (Scientist, ICAR RCER, Patna) discussed about

climate smart agriculture (CSA). Dr. Govind Makrana (Scientist, ICAR-RCER, Patna) discussed about integrated farming system (IFS) for sustainable agriculture. A healthy and fruitful farmer-scientific discussion was also happened during the program. The programme was successfully organized by Dr. R.K.

Raman, Dr. Ved Prakash and Dr. Govind Makrana with the coordination of Devendra Ji and Arun Chaudhary.
