

## Field day on “Livelihood Improvement of Scheduled Caste Farmers through Agricultural Technology Inputs” under SCSP project at Hinduni village (Block: Phulwari Sharif) Patna

Under the Scheduled Caste Sub Plan (SCSP) project, ICAR-Research Complex for Eastern Region (ICAR-RCER), Patna organized a field day entitled “Livelihood Improvement of Scheduled Caste Farmers through Agricultural Technology Inputs” on 27-05-2022 at Hinduni village of Phulwari Sharif, Patna. Programme was participated by 160 SC beneficiaries including 123 women participants. During the programme, **Dr. Bikash Sarkar**, (Pr. Scientist, ICAR-RCER, Patna) discussed importance of improved agricultural technologies. **Dr. Pawan Jeet**, (Scientist, ICAR-RCER, Patna) stressed on water management techniques for enhancing agricultural productivity. **Dr. Govind Makarana** (Scientist, ICAR-RCER, Patna) discussed the importance of nutrient management strategies in major field crops. He also stressed on post-harvest losses management practice.

**Dr. Rohan Kumar Raman** (Scientist, ICAR-RCER, Patna) discussed about the agricultural small technological intervention for skill development of the SC community for enhancing income for their livelihood improvement. **Dr. Ved Prakash** (Scientist, ICAR-RCER, Patna) discussed the selection of different crop varieties according to changing climatic conditions. During this programme, 160 grain storage bin were distributed to 160 SC beneficiaries. A healthy and fruitful farmer-scientific discussion happened during the program. This programme was whole heartedly supported by **Mrs. Sarita Devi** (Ward member, Hinduni village).
